Dear Parents/Guardians,

Greetings!

We hope you and your family are doing well. We would like to extend a warm welcome back to our returning parents and to the new families who have recently joined the Johari Montessori School family. We are excited to have you with us and look forward to a successful term together.

Theme: Bugs and Insects

This term, our main focus will be on Insects and Bugs.

The children will learn about anatomy, identifying parts of insects such as the head, thorax, and legs, explore the life cycle of an insect, and learn about habitats and types of Insects.

Children will explore this theme through arts and crafts, such as creating insect-themed projects, engaging in outdoor exploration, enjoying story time, and participating in movement games. This theme will encourage curiosity, creativity, and a respect for nature.

Extra-curricular Activities

We have started our extracurricular activities: Skating on Tuesday, Swimming on Wednesday, Ballet on Thursday and gymnastics on Friday.

Please talk to your child about them and then kindly click on the link to sign up for the extracurricular activity you would like them to participate in this term.

Diaries

Sickness

We ask parents to please keep children at home when they have colds, coughs or anything that can be contagious to assist us

in reducing the chances of spreading it to other children.

Handkerchiefs

Please remember to pack a handkerchief or two for your child to avoid using tissue, which tends to make the flu worse.

Snacks

We kindly ask that you refrain from packing fizzy drinks, candy and nuts for the children. We provide a midday snack and an afternoon snack at school. If you choose to pack an extra snack, please ensure that it is a healthy option.

School Projects

Every Friday, we have show-and-tell sessions in the morning. This is an opportunity for you to collaborate with your child on a presentation related to the Theme of the Term.

Medication Consent Form

We have a consent form for administering medication during school hours. This form ensures that we have the necessary information and permission from Parents or Guardians to safely administer medication to students when needed. Kindly request a consent form if you pack any medication in your child's bag. For parents who are unable to sign the form physically, we will share an online link with you.

Thank You!
